COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE
UNDER 37 C.F.R. 1.104(e)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The following comments are submitted in response to the April 4, 2006 Notice of Allowance issued in the above-referenced patent application.

In the Reasons for Allowance accompanying the Notice of Allowance, the Examiner indicates that the prior art fails to disclose or suggest the combination of structure and functions set forth in allowed independent claim 1, and recites examples of elements in support of this conclusion. The Applicants respectfully submit that the Reasons for Allowance set forth only some of the features and elements claimed in claims 1-6 of the present application, and that the reasons presented represent only some of the reasons why some of the claims are allowable.

In this regard, other reasons exist for the allowability of each claim, and provide additional and different bases for allowance of the claims.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Richard L. Kaiser". The signature is fluid and cursive, with the first name "Richard" and last name "Kaiser" clearly distinguishable.
